

THE FOCUS ON SKILLS FOR IMPROVING STUDENTS'S ENGAGEMENT: THE TUNING EDUCATIONAL STRUCTURES APPROACHES TO CONSTITUTIONAL LAW

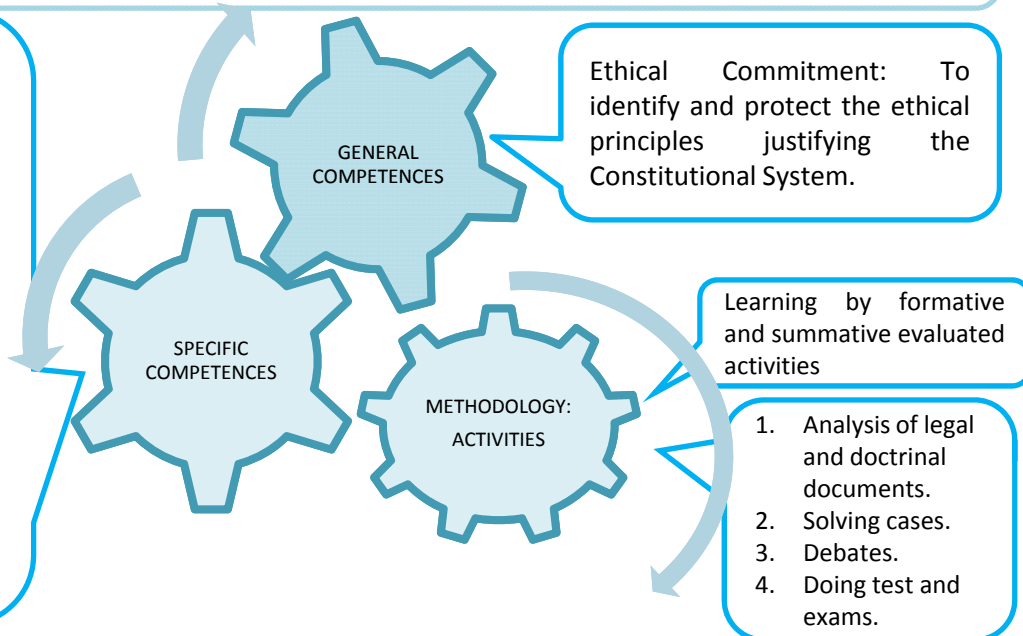

Luis I. Gordillo Pérez
University of Deusto

The legal specification of the general competences is fundamental for the creation of successful legal curricula and special mention must be made to the methodology of development of those. Assessment of the level of achievement of the students is one of the key concepts for the students and Programs.

Demonstrate knowledge of principal features of the legal system including general familiarity with its institutions and procedures:

- To identify the Sources of Law within the Spanish Legal System.
- To specify the content, limits and conflicts of the Fundamental Rights protected in the Constitution.
- To establish the main characteristics of the Spanish Constitutional Court System.
